The flowers you choose for your wedding are an important "once in a lifetime" purchase. They make a big statement and will be reflected in your photographs forever.

The following wedding packages are meant to simplify the process of choosing your wedding flowers and budgeting for them. You may choose the packages as they are-adding or subtracting items according to the size of your wedding party-or choose something completely different! Just make an appointment with one of our talented and experienced floral designers. There is a \$30 consultation fee at the time of the appointment which will be applied towards the purchase of your flowers.

Most importantly-have fun and let your wedding flowers reflect your own personal style.
