

"Picture Perfect" Display Cakes

Trig's Fresh Bakery offers something new and creative in wedding cakes.

The cakes we create for you on your special day can be made of real cake or non-edible Styrofoam and are artfully covered in your choice of icing.

For cake cutting photos, you can choose a baked, edible cake for your top tier.

Sheet cakes can be served for dessert, allowing you to serve a variety of other desserts more affordably.

Having a display cake gives you the option to size your cake to your preference, no matter how large or how small your reception.

Display cakes also allow for more decorating options as non-edible flowers, plants, and decorations can be used without worry.

Trig's Fresh Bakery brings you to endless possibilities for your special day.

Please feel free to call Trig's Bakery to help make your day extra special.

Who said you can't have your cake and eat it too?
